**STICK POSTAGE STAMPS TO ARTICLE TO COVER FIRST CLASS POSTAGE,
CERTIFIED MAIL FEE, AND CHARGES FOR ANY SELECTED OPTIONAL SERVICES (see front).**

1. If you want this receipt postmarked, stick the gummed stub to the right of the return address leaving the receipt attached and present the article at a post office service window or hand it to your rural carrier (no extra charge).
2. If you do not want this receipt postmarked, stick the gummed stub to the right of the return address of the article, date, detach and retain the receipt, and mail the article.
3. If you want a return receipt, write the certified mail number and your name and address on a return receipt card, Form 3811, and attach it to the front of the article by means of the gummed ends if space permits. Otherwise, affix to back of article. Endorse front of article **RETURN RECEIPT REQUESTED** adjacent to the number.
4. If you want delivery restricted to the addressee, or to an authorized agent of the addressee, endorse **RESTRICTED DELIVERY** on the front of the article.
5. Enter fees for the services requested in the appropriate spaces on the front of this receipt. If return receipt is requested, check the applicable blocks in item 1 of Form 3811.
6. Save this receipt and present it if you make inquiry.

Re: Pennzoil Products Co.
Etowah Terminal
Charleston, WV

Dear Ms. Pfeiffer:

This letter is to notify you that the U.S. Environmental Protection Agency (EPA) has approved your facility's response plan based upon the statutory requirements set forth in the Clean Water Act (CWA) § 311(j)(5) as amended by the Oil Pollution Act of 1990.

On February 17, 1993, EPA issued, in proposed form, a Facility Response Plan regulation (58 FR 8824) which, until the Final Rule was promulgated, provided guidance for the preparation of facility response plans, pending implementation of the Final Rule. Our approval of your response plan documents that your plan is consistent with the requirements outlined in the proposed Rule. This approval of your facility's response plan does not mean that your current response plan will necessarily satisfy the requirements of EPA's final regulation, nor does it exempt your facility from the requirement of coming into full compliance with the final regulation.

On July 1, 1994, the Agency published the final Response Plan Regulation (59FR 34070). A copy of this regulation is enclosed. The final regulation (pages 34075-76) addresses when and how revisions to facility response plans conforming to the final regulation will be required by EPA. You should be aware that pursuant to CWA § 311(j)(5), EPA is required to "review each plan periodically thereafter." To satisfy this requirement, EPA will include your plan on a staggered review schedule.

Notification of Approval of Facility Response Plan
Page 2

If EPA determines during its next review that the response plan is inadequate, or if EPA acquires evidence that indicates the response plan prepared by your facility is insufficient for its purposes, EPA will require appropriate revisions to your Plan. Failure to make such revisions may affect your Plan's approval status.

If you have any questions about this letter, please contact our Facility Response Plan Information Line at (215) 597-9562. Provide the referenced Regional (REG) ID number on all future correspondence or inquiries.

Sincerely,

Dennis P. Carney, Chief
Superfund Removal Branch (3HW30)
